

# Lead THE CHANGE

## ABOUT LEAD FOR CHANGE

Leadership Ellsworth County, a program by Ellsworth County Economic Development dba Grow Ellsworth County, was designed to develop leaders who will have the skills and capacities to move our communities forward.

## WHAT TO EXPECT

This is a skills-based program, not a checklist of "how to be a leader." Expect to be challenged, and expect to be given tools that can change the direction of your civic engagement, your profession, your relationships, and your life. It starts with YOU. Let's get started.

## PRINCIPLES

- Leadership is risky.
- Leadership starts with you and must include others.
- Leadership is an activity, not a position.
- Anyone can lead, anywhere, anytime.
- Your purpose must be clear.

MY experience with participating in Leadership Ellsworth County was

*incredible!*

The curriculum was truly cutting edge, like no other leadership program I have ever completed. I learned valuable skill sets and competencies that truly stretched my comfort zone, expanded my perspective, and developed solutions I would never have developed otherwise.
